

Visit of the Woodcock

Contributed by Jos

Last Updated Saturday, 26 September 2015

Something big trashed my grain feeder a few days earlier, probably a Moose or Wild Boar, so I had left a camera to catch the culprit. An unexpected wanderer however was a smart Woodcock, not a common bird on my land. Not top quality video, but [CLICK HERE](#) for a short video clip of the bird. Revealing the secrets of the night in Labanoras, more videos available here - Otters, Pine Martens, Wild Boars et al.
